

ORDINANCE NO. 23 ENACTED & ORDAINED JULY 2, 1962

*** The applicant shall pay any and all costs incurred by Big Beaver Borough in excess of the permit fee including engineering, legal and any additional third-party cost.**

To construct, repair and install drainage facilities in the construction and maintenance of private roads, drives and alleys adjoining Borough roads and streets in accordance with Borough Ordinance NO. 23 as enacted and ordained July 2, 1962.

- 1 of 2

The undersigned agrees to all the conditions and assumes all the duties, responsibilities and liabilities described in the ordinance. The undersigned agrees to promptly remove all surplus material and to thoroughly and in a permanent manner fill all trenches to the required grades so that there are no ridges or depressions, and to tamp and roll the same so as to prevent any settling thereafter, and to promptly guard with signs, barriers and lights, the trenches and materials excavated so as to prevent accidents and agrees to maintain the same in a safe condition satisfactory to the Borough. The undersigned agrees that he/she shall replace the base course and surface course where the same has been disturbed in a manner and with material acceptable and satisfactory to the Borough. The undersigned agrees that in case the work outlined and required to comply with the ordinance is done improperly, that the undersigned agrees to pay the costs of having the work done properly as required in the Ordinance, upon presentation of an estimate made by the Borough Council, and the costs for performing said work shall be paid by the undersigned to the Borough.

The undersigned shall be released only after a satisfactory completion report of the installation, construction and restoration of road surface has been issued by the Public Works Director or another representative designed by the Borough Council.

Date

Signature of Applicant

***It is strongly suggested all applicants schedule a preconstruction meeting with the Public Works Director to determine the proper size of pipe and to make sure the driveway is properly installed.**
